

The group Asseco SEE is the largest operator in South-Eastern Europe in terms of revenue derived from sales of its software and services. We came into being as a result of the integration of the experience, knowledge and solutions of major segment leading IT companies operating in the region. Since the beginning, our company's subsidiaries focused on developing their own solutions in their market segments. Our mission is to build a trustworthy and profitable global IT company providing our customers with high quality software and services.

We are currently accepting applications for the following position:

Xamarin Senior Developer

About your Role

As a **Xamarin Senior Developer** in our **International Delivery Team**, you will be designing, developing and testing complex mobile applications as part of Digital Edge, our banking digital solution for omnichannel. You will be removing and fixing complex bugs in the software platforms and you will install and migrate complex software systems. Also, you will analyse client needs, issues and requests and transform them into tasks in order to support juniors in planning and delivering results. For more information on Digital Edge click here: [Digital Banking](#)

About you

- You have at least 3 years of relevant development experience
- You have knowledge of operating system principles (processes, shared memory, multithreading, heaps, stacks)
- You have experience with:
 - *Xamarin*
 - *C#*
 - *.NET*
 - *Protocols and data encoding standards (HTTP/S, TCP, JSON, XML)*
- You have experience with specific platforms SDKs and tools: *Android, iOS, WP*
- You have experience with mobile security principles and tools
- You are familiar with other types of portability frameworks and tools (*Phonegap, Mobile angular UI, NativeScript, ReactNative*)
- You are fluent in English
- You have a strong drive to achieve the best results against internal and external standards of excellence
- You have strong analytical skills and ability to solve complex problems.
- You are a good team-player, and you are open to acquiring new skills and competencies, as well as improving existing.

What we offer

- Full-time employment in a stable company
- Opportunity to work on international product line in a highly-qualified international team, with new and challenging technologies

- Annual training budget to develop your skills and career in a stable company

If this speaks to you then please send your CV/application (by indicating the name of the position in the subject of the email) on the given e-mail address: hr@asseco-see.com no later than 19 October 2018. Please do not submit additional documents . Only shortlisted candidates will be contacted.

**In your application please include the following statement:*

"I hereby give consent to processing my personal data included in my application documents, for the needs of current and future recruitment processes conducted by Asseco South Eastern Europe Kosovë in accordance with applicable laws in this area.

The administrator of Candidates' personal data is Asseco South Eastern Europe Kosovë, St. 'Lidhja e Pejës', No. 177, Prishtinë, Kosovë.
